(54) Title: CONDENSING TYPE DRYER AND CONTROLLING METHOD OF THE SAME

(57) Abstract: There are provided a condenser type dryer and a method of controlling the same. The method of controlling the condenser type dryer having a drum (12) and a humidity detecting unit (100) includes selecting a desired drying course and a desired degree of dryness, detecting a humidity of objects, which are loaded in the drum (12) to be dried, through the humidity detecting unit (100) while a drying cycle is performed according to the desired drying course and degree of the dryness, and

controlling the drying cycle according to if there is a lowest value of the detected value for a predetermined time.
